us a review!

Commit your work to the Lord & it will succeed - Proverbs 16:3

Hi Friends & Neighbors,

So far it's been a really mild summer. But this newsletter is being written in early July, so you could be reading this on a day when it's 400°C. Seriously, in 2020 it seems like anything is possible...and not in a good way.

So I'd like to focus on something that can bring you some joy, and dare I say, tranquility: your yard.

We are seeing lots of Melt Out Fungus. I wrote at length about that in the last newsletter. If your lawn is weirdly yellowish, Melt Out might be the issue. Go to our website and check out our May-June newsletter for how to deal with Melt Out. Then you will know almost as much as I know, which puts you at a significant advantage because I probably don't know what you know 😊.

Mowing higher, sharp mow blades, and watering consistently are really the best tips for turf that I can give you for the summer months. If it hits high 80's or above, daily watering may be needed. Mowing higher makes turf more drought and weed resistant.

Healthy turf is so good for our environment. The benefits include filtering ground water and reducing your carbon footprint dramatically.

Remember from science class that what WE breathe out, plants breathe in and what THEY breathe out, we breathe in. Your lawn MAKES oxygen! Your lawn is thousands of individual grass plants doing all of that for you. LOVE YOUR LAWN.

While this isn't the best time to prune fruit trees, it's a great time to prune and shape ornamental trees and shrubs for beauty. After all, this is the time of year to enjoy your yard! While it's getting late to plant veggies, potted flowers and ground cover can still go in as long as you make sure you water them daily for at least a couple of weeks.

Some folks have asked us about all the lawn mushrooms. My answer is that once the weather really warms up and rains diminish so will the mushrooms. It's just one of those years. There's not much we can or even should do about mushrooms. If they really bug you, you can pick them and toss them. WASH your hands really good after; some varieties are toxic.

Commit your work to the Lord & it will succeed - Proverbs 16:3

So we are four months or more into the Covid reality, in some cities chaos continues to rule the streets, and financial concerns abound. Any one of these conditions would get our attention, but all three at once is unprecedented in our history as a nation. As followers of Jesus, Lisa and I know we should follow the law, honor our state and national leaders, and pray for them. As a citizen, I am disappointed in many of our leaders, but as a Christian, I choose to honor God by honoring them. At Living Water, we continue to wear masks in our facilities and in our vehicles if we are with another employee. Masks are a hassle, but we do this for our coworkers and for you. When working outside on properties, as long as we can social distance, we can choose whether or not to wear a mask.

Like many of you, I am frustrated with where our state and country appear to be going. I also know that giving into that frustrations will not do any good. Angry mobs or individuals won't make things better. Thoughtful, considerate, and prayerful people can change this. Please don't give into the hate. Ask God to help others, you, and our state & nation. Love for our fellow Americans, especially those we disagree with, is needed more today than ever. Check out Matthew 5:43-47 for what Jesus had to say about loving those we don't get along with.

God's richest blessing!
Mike

LOVE YOUR ENEMIES! PRAY FOR THOSE WHO PERSECUTE YOU! IN THAT WAY, YOU WILL BE ACTING AS TRUE CHILDREN OF YOUR FATHER IN HEAVEN. FOR HE GIVES HIS SUNLIGHT TO BOTH THE EVIL AND THE GOOD, AND HE SENDS RAIN ON THE JUST AND THE UNJUST ALIKE.
JESUS CHRIST, MATTHEW 5:43-47

WHAT OUR CUSTOMERS HAVE TO SAY!

Shout out

"Your pruning crew did a fabulous job! The shrubs have never been professionally done and they look wonderful. I am really, really pleased with their hard work. They were such delightful people to work with"
- Becky, Spokane Valley

"I started using your organic fertilizer and weed control in the spring of '19 and my lawn has never look better. I am so happy with your service and product! Your people are great as well! Thank you for giving me the best lawn in the neighborhood!"
- Jason, Indian Trail

"Hank was fabulous and we are so grateful! He was just awesome working in the pouring rain and fixed our sprinkler system"
- Lea, South Hill
